

# SIMPOWER

## THE BATTERY SPECIALISTS

Nickel-Cadmium / Nickel Metal Hydride / Lithium / Alkaline Battery Pack Manufacturer  
Custom-Built Packs \* No Minimum Quantities

### Product Indemnity Waiver – Li-Ion/Li-Polymer Approved Supply Release Note

The purpose of this Agreement is to determine the responsibility for the quality of the Products and Finished Products and to facilitate progress in the parties.

Date: \_\_\_\_\_ Order No: \_\_\_\_\_ Customer Name: \_\_\_\_\_

Registered Address: \_\_\_\_\_

Directors / Purchasing Officials: \_\_\_\_\_

Phone: \_\_\_\_\_ Fax: \_\_\_\_\_ Email: \_\_\_\_\_

The following Product/s below are covered by this Indemnity Waiver: \_\_\_\_\_

This product is being purchased for the sole reason of \_\_\_\_\_.

I hereby acknowledge and agree to the following with respect of the supply of the above product/s:

- (a) That \_\_\_\_\_ and any related parties will not hold Simpower Ltd (the supplier, importer and manufacturer) liable for any loss or damage sustained by the above batteries use and assembly.
- (b) That \_\_\_\_\_ is responsibly buying Lithium Ion single cell or battery pack product without providing information as to the end user application specific data & use of properly designed safety circuits that is usually required by Simpower Ltd and the OEM (Original Manufacturer). Due to the nature of this product, use outside of manufacturer's specifications as provided is not covered by warranty. It is then understood that \_\_\_\_\_ has read all necessary data sheets, safety precautions, proper charging methods, use and handling documentation provided with the supply of the above products.
- (c) To indemnify Simpower Ltd for any claim arising from any loss or damage sustained by \_\_\_\_\_ or the end users.
- (d) No liability or authorisation has been granted from Simpower Ltd or the cell manufacturer for these Lithium ion cells to be used for repacking Lithium Ion original batteries. These single cells can be assembled into packs by authorized pack assembly centres that have been approved for safety circuit assembly and Lithium ion pack design. \_\_\_\_\_ shall be solely responsible for health, safety and environmental matters arising from its manufacture, assembly, sales use, and/or disposal of the finished products.

**Signed on behalf of Customer**
